

## DOOR SEALS

Emerald Planet's Door Seal Range prevents draughts and improves household insulation.

### Lower Door Seal

These extremely flexible seals can be quick and easily installed without removing the door. Ideal for double inward opening, double outward opening, double swing pivot, single inward opening, single outward opening, sliding, security screen, and bi-fold.

### Door Frame Seal

Quick and easy to install, the door frame seal works well in eliminating draughts, rattles and cushioning.
